

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since the year 1959. Whether the work requires landing loads on scaffoldings, transferring loads or positioning heavy steel, using a Lull telehandler will help make the work go faster and easier. These units are available with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull is able to provide 80 inches of boom travel for precision placement capabilities. There are even numerous optional Lull attachments for their telehandlers so as to help finish whatever task.
