

Forklift Electrical Part

Forklift Electrical Part - Lift trucks could be specifically labeled to be utilized in dangerous locations. A labeled lift truck denotes the design has met the lowest standards of ANSI/UL 558 for engine powered trucks or ANSI/UL 583 for electric lift trucks for the type of label attached.

Applications for labeled forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for additional information regarding the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined criteria, the following labels may be put. A marked truck will have the type designation placed on the lift truck nameplate and will have one of the following labels put.
