

## **Fork Mounted Sweepers**

Fork Mounted Sweeper - This particular attachment actually makes industrial sweeping work a lot easier to accomplish. The handy forklift mounted broom is intended for use with either wet or dry material clean ups. It could squeegee water and push snow with ease. This attachment is frequently utilized so as to clean debris from construction sites, docks, parking lots, warehouses and almost anywhere it is needed. The lift truck sweeper is a low maintenance attachment which uses quick-tite blade products to easily attach to the lift truck.
